ABOUT ME

Full-Stack Developer with 2+ years of experience building responsive web and mobile apps using TypeScript, Next.js, and Expo. Launched TypeSprint, an iOS app that reached #2 on the Georgian App Store. Focused on reusable components, REST API integration, and clean user interfaces.

EXPERIENCE

Front-End Developer | React / Next.js

ROWIX | Tbilisi | On-Site | Contract-based | December 2025 – April 2026

- Developed and maintained scalable front-end features using React, TypeScript, and Next.js
- Built reusable UI components using MUI, Ant Design, Shadcn/ui and ReactBits
- Integrated REST APIs for admin panel functionality (CRUD requests)
- Optimized rendering performance using useMemo, useCallback, and useReducer
- Collaborated with backend developers to integrate APIs and deliver production features

Front-End Developer & Co-Founder

GarGari | Tbilisi | Remote | Oct 2024 – Present

- Led front-end architecture across multiple client projects
- Developed production-ready websites using Next.js with responsive design
- Built reusable component systems to improve development efficiency
- Delivered performance-optimized and SEO-friendly web applications

PROJECTS

TypeSprint – Mobile Typing App

Front-End Developer | React Native / Expo

- Built and launched a IOS typing app with real-time WPM and accuracy tracking

Zmna.ge – News Platform

Front-End Developer | Next.js

- Built dynamic pages, responsive UI, and integrated ads

Simebi.com – Website (Currently In Development)

Full-Stack Developer | React, Nodejs/Express

- Built Simebi.com, a bilingual guitar teacher discovery platform using React, TypeScript, SCSS, Node.js, Express, MongoDB, and Mongoose.
- Implemented JWT HTTP-only cookie authentication, role-based access control, OTP email verification.
- Developed a full teacher application and admin review system with approval/rejection emails, rejection reason resubmission flow, Cloudinary image uploads, and Resend email delivery.

Reagent.ge – Website

Front-End Developer | Next.js

- Built production website with reusable component architecture and SEO optimization

SKILLS
